

LOOK UP TO THE DC-8!

The DC-8 Jetliner, now being rigorously tested aloft, will change the tempo of your traveling life.

THE DC-8 quickens the pulse of time

Like the Douglas planes which have come before it, the DC-8 Jetliner will reward you with the golden gift of *time*. Soon the world's most modern jetliner will spread its wings in regular airline service and whisk you at nearly 10 miles a minute through the crisp, weatherless stratosphere.

Its serene, vibrationless flight will provide a never-to-be-forgotten experience. You'll enjoy it surrounded by the luxury

and comfort only Douglas builds into an airplane. You'll be entranced by the view of the brilliant skies around you and the sights of the earth, toylike, so far below.

You'll sit back, blissfully relaxed, peaceful in mind and body, as the DC-8 purrs her way through space. And sooner than you believed possible, you'll arrive at your destination, feeling as refreshed as when you took off—if not more so.

Experience . . . dependability . . . comfort . . . are all part of the family tradition, unmatched in the annals of flight, which the DC-8 Jetliner brings you. It is an enviable aviation heritage which makes passengers, pilots and airlines look up to Douglas. It awaits you in your first flight in the fabulous . . .
